

## The Sandwell Well-being Charter Mark

Dear Parent/Carer,

Date: Monday 8<sup>th</sup> November 2021

### **RE: Review Student Focus Groups & Parent Survey**

Your child's school is working with us at BCP Educational Psychology Service to try to find new ways to help people with their mental health and emotional well-being. At the beginning of the project, we talked to parents, staff and students about their views about the school. Now we are coming to the end of the project we would like to talk to parents and students again about their experience with the school.

To do this we are going to hold student focus groups, and to collect as much feedback from parents as we can, we have created a **parent survey**.

The survey should take about 10 minutes to complete, and can be accessed using the following link:  
<https://bit.ly/OakReviewParentSurvey>

The survey opens from today for two weeks, closing on Friday 19<sup>th</sup> November. We are seeking responses from as many parents as possible and encourage you to complete this short survey so that your views can help inform and develop positive mental health practice in the school.

The information collected from both the student focus groups and the parent survey will be fed back to the school in the form of an anonymous report. We will not use any parent, staff or student names. This report will be stored in accordance with BCP Council's Information Governance Policy and may be used for wider audiences.

If you would like any more information or have any questions, please contact your school or the Educational Psychology Team via the email [julia.hooper@bcpcouncil.gov.uk](mailto:julia.hooper@bcpcouncil.gov.uk).

Many Thanks,

Julia Hooper  
Assistant Educational Psychologist
